Resource Augmentation

Navigating Challenges, Maximizing Opportunities

Job Position Definition

Collaborating with clients to define job positions involves identifying responsibilities, skills, and desired attributes for candidates.

Sourcing Strategies

We employ diverse sourcing strategies, such as job boards, social media, networks, referrals, and recruitment agencies, to find potential candidates.

Assessment

We screen and assess candidates' qualifications, skills, and experience through resume reviews, phone screenings, and assessments to determine their suitability for the role.

Management

We prepare and extend job offers, negotiate compensation, facilitate acceptance, and support the onboarding process for newly hired candidates by providing information, assisting with paperwork, and ensuring a smooth transition.

Recruitment Technology

We utilize recruitment technologies like ATS, CRM tools, and other software solutions to streamline processes, manage candidate data, and improve efficiency.
